What's New???

Changes to the MAFKids monthly reporting system for 07-08 are outlined below:

- The MAFKids monthly Service Reports are now due by the 10th business day of each month following the reporting month (e.g., monthly reports for September are due October 12th). This is a change from the previous due date of the 15th of the month
- On the Attendance grid of the Classroom panel, each Child's name links to the Attendance/Disability panel of that child form for ease of exiting children when they leave the program
- Three content changes have been made to MAFKids questions:
  - Question 1 on the Classroom Form has been reworded to ask for Maximum Total Class size; update this field every month, as appropriate.
  - New Question added on Demographics page concerning military status of child's parent/guardian
  - Service Priority options have been updated. Please refer to the Program Guidelines for further clarification: http://www.governor.state.nc.us/Office/Education/Home.asp
- The Details Section of "Review/Submit" panel is now "sortable" on all column headers, which assists in the search for "in process" or "ready to submit" forms when preparing to submit
- A new section on the "Review/Submit" page shows information regarding forms from previous months that were not submitted, so that these forms may be submitted or deleted, as appropriate
- There is a new option to "Print All" on the Classroom Attendance Report page that allows for all Classroom Attendance Reports to be printed with one click
- After the first month of operation, the names of all newly enrolled children in a given month will be listed on the Attendance Report

Important Highlights

The More at Four Reporting System consists of two main parts, MAFPlan and MAFKids. Most program information concerning your contract, sites and classrooms for 2007-08 resides only in MAFPlan, while information related to the children served in the More at Four Program is housed in MAFKids. Changes to most of the information related to contracts, sites and classrooms are all handled in MAFPlan through the Change Request process. Child level data continue to be reported monthly, along with related site and classroom operation information. Helpful tips regarding the monthly reporting system are outlined below:

- Navigation links between MAFPlan and MAFKids are available to Plan Administrators on both systems
- Contract information is reported through MAFPlan; you may now add an additional contact, if needed
- All Site Director/Principal and Classroom Teacher information is reported through MAFPlan
- New sites and classrooms that are added to MAFPlan through the Change Request process automatically feed over to MAFKids; sites and classes that have never served children and are deactivated in MAFPlan will not appear in the listings in MAFKids
- All days when Home Visits occur should be coded as Operation Days on the Site form for reporting purposes
- MAFKids will calculate eligibility for free or reduced priced lunch, based on the poverty level entered
- Forms with zero attendance days may be submitted for children who did not attend in a given month, but who are still enrolled in the More at Four program
- Exit children in the month when they last attended in a particular classroom
- Attendance Reports only include children whose forms are in "Ready to Submit" or "Submitted" status

Software Requirements

To use MAFKids your computer must support Internet Explorer version 7. If you have an older version of this browser, free downloads are available at the following site:

Internet Explorer 7: http://www.microsoft.com/windows/downloads/ie/getitnow.mspx

To view and print Attendance Reports, you now need to use Adobe Acrobat Reader. If you need to download this software utility, free downloads are available at the following site:

Getting Started

- **Access the MAFKids website at mafreporting.org**
- Your existing user id and password will access MAFKids and archived MAFREPS/MAFKids databases. For Plan Administrators, this id and password will also access MAFPlan.

- If you do not have a user id and password, please contact your contract administrator or program contact for assistance. Any contract administrator or program contact who does not have a user id or password should contact the MAFKids coordinator, KC Elander at (919) 843-7355 or mafeval@mail.fpg.unc.edu (More at Four Evaluation Team, FPG Child Development Institute, UNC-CH)

- MAFKids includes information about Sites, Classrooms/Teachers, and Children that make up the monthly Service Reports. Each month, Service Reports will contain separate forms for each site, classroom and child participating in More at Four. More at Four monthly Service Reports are submitted online and due by the 10th business day of each month following the reporting month (e.g., monthly reports for September are due October 12th).

- The system also generates printable monthly attendance reports, which are due to the State More at Four Office by the 10th business day of each month following the service month. For further information on Monthly Attendance Reports, visit the State More at Four website: http://www.governor.state.nc.us/Office/Education/Home.asp

- This User Guide is available from the FPG More at Four Evaluation Team web site: http://www.fpg.unc.edu/~mafeval (click on "More at Four Reporting System").

When you log on to MAFKids, all of your approved Sites and Classrooms will appear on the Home Page

First Month of Service

When you begin MAFKids Service Reports for the first month of the school year, you will need to create child records for all the children served by More at Four. Make sure that all your sites and classes fed over to MAFKids from MAFPlan by checking the list on the Forms page and then begin to add new child records.

Click on classroom name under "Child Forms" to add children

Check to make sure that all your approved Sites and Classes are listed here

Entering New Child Record

Click on "Add New Child" button to add individual children

After selecting a classroom from the Child Forms list (shown on previous page), click on "Add New Child", and then enter the Child's name in the boxes provided. Click OK when you are done (or Cancel if you change your mind). The Child's name will then be displayed in the Child Selector (see next page). Note that the "Delete" option (in the Delete Child column) will be available only when no forms have been submitted in any month for this child.

To see all children, including those with exit dates, select the "Show All Children" box

From this screen, continue to add children to a classroom by selecting the "Add New Child" button until all children are entered. This process will need to be repeated for each classroom. The Child Selector screen only displays the names of children who are currently enrolled in More at Four when the "Show All Children" box is not checked (the default setting). If you would like to see ALL children (both enrolled and exited), check the "Show All Children" box. After you have entered all the children for a classroom, click on "Forms" on the yellow bar to return to the "Work with Forms" page, where you can "Create All Forms" (see next page).

All forms that are created using the "Create all Forms" option will be in "In Process" status and will need additional data to be complete. You will need to fill in some recurrent data each month, including indicating relevant changes. Recurrent data each month will include: reporting site operation and teacher work days on the site form, updating any changes in class size or funds paid to the provider and reporting child attendance on the classroom form, and updating any changes in child level data (such as Smart Start subsidy amount) as appropriate on the child forms. You also have the option of creating each form manually (see next page).

Creating a Form Manually

If you choose to create your forms manually or "one-by-one", you may do so from the Forms page.

First, select Reporting Period....

To create a site or classroom form manually, simply click on the name. This creates a new form for the reporting period you have selected
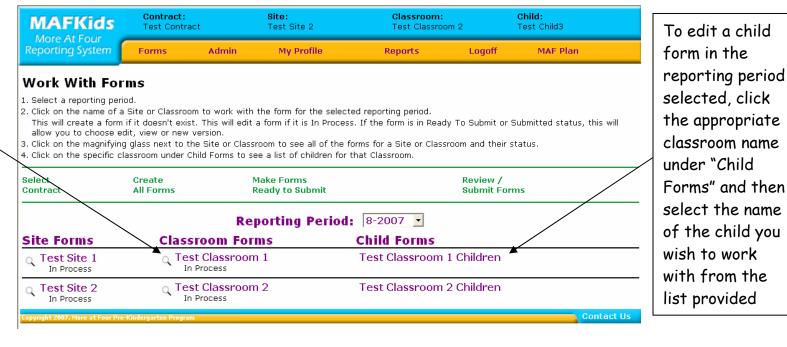

To create a child form manually, click the appropriate classroom name under "Child Forms" and then select the name of the child you wish to work with from the list provided

Editing Forms

After you have created your forms in MAFKids, you need to edit them to add information each month. You will need to complete the Site and Classroom forms with information not housed in MAFPlan. To edit a Classroom or Site form, go to the Forms screen, select the appropriate reporting period and then click on the name of the site or classroom.

Child level data are not stored in MAFPlan, so the first month you will need to add all information for all children. For all child data for subsequent months, data will feed over from the previous month's MAFKids forms. To edit a Child Form, click on the classroom name under "Child Forms" for a list of children and select the form you need to edit.

Click the name of the "In Process" site or classroom form to edit (if the form is in "Ready to Submit" status, you have the option to view or edit)

To edit a child form in the reporting period selected, click the appropriate classroom name under "Child Forms" and then select the name of the child you wish to work with from the list provided

To edit previous records, click on the magnifying glass beside the name of the Site or Classroom for a complete list or choose a specific Reporting Period and click on the Site or Classroom name. To edit a Site or Classroom form

from a previous month that is in "Ready to Submit" or "Submitted" status, check the "Show All Report Periods" box on the selector page. To access previous child forms, click the appropriate classroom listed on the Forms page, under Child Forms. When the list of children appears, click the magnifying glass in the form selector column for that child.

Guidelines and Information about Editing all Types of Forms

- For each month of service, you need to create, edit and submit a site form for each site participating in More at Four, a classroom form for each classroom participating in More at Four, and forms for all children participating in More at Four

- All items require a response (even if it is "NA" or "Do Not Know")

- If you need more information about how to answer the form questions or what the questions mean, please visit the State More at Four web site at: http://www.governor.state.nc.us/Office/Education/Home.asp

- Be sure to use the "Save" and "Next" or "Previous" buttons when entering or editing data in order to save your data. **Changes will not be saved if you move through the panels using the panel buttons.**

- You may delete any form that is "In Process" or "Ready to Submit". **Forms that are in "Submitted" status cannot be deleted by users**. If you have submitted a form in error and need assistance, please contact the MAFKids coordinator, KC Elander at (919) 843-7355 or mafeval@mail.fpg.unc.edu (More at Four Evaluation Team, FPG Child Development Institute, UNC-CH)

- If you have already submitted a form and realize that one or more of the entries need to be corrected, you can create a "New Version" for that form by clicking on the magnifying glass. After you make the correction, put the form in "Ready to Submit" status and submit again for the month affected

- The last panel of every form is the "Form Status" panel. On this page:

  The system indicates on the Form Status page for each form if there are any form errors, such as missing or incomplete data. After the form is listed as complete on this page, you can change its status to "Ready to Submit". There is more than one way to change a form status to "Ready to Submit"—either change each form individually on the Forms Review/Submit page, or use the "Make Forms Ready to Submit" feature (see page 30)

- You can generate an "Answer Sheet" for any form from the "Form Status" page (see page 41 of this User Guide for more information about Answer Sheets)

Editing the Site Form

Each operating month you need to edit the Site Form to add Site Operation Days and Teacher Workdays. To edit the Site form, click the name of the Site form from the Forms page to bring up the Site form for the selected reporting period. (Note: The last selected reporting period will be listed as the default setting.)
Operation Days are days when children attended the More at Four program or Home Visit days. Teacher Workdays are when the teachers are working, but no students are in attendance. Teacher Workdays and Operation Days are mutually exclusive and cannot overlap. All days when Home Visits occur are coded as Operation Days for reporting purposes.

Select "Check All Weekdays" to select every weekday or individually select the boxes corresponding to each day the Site was operational-you can click on a checked box to remove that day

Select any Teacher Workdays that occurred during the month; if there were none, check the NA box. Remember, Teacher Workdays and Operation Days are mutually exclusive

Using Panel Buttons to navigate will not save your work

Don't forget to Save your work!

Editing the Classroom Form

Each operating month, you need to edit the Classroom Form to enter attendance data for the children in that class. To edit the class form, click the name of the Classroom from the Forms page to bring up the Classroom form for the reporting period.

The Classroom Form includes information about class size, State More at Four funds paid to provider and the child attendance grid. On this screen you can enter attendance for all children in a class by using the Attendance Grid (highly recommended). You may also edit attendance on each individual child form, but recording attendance on the Attendance Grid is usually more efficient. You also need to update the Classroom Form if the maximum total class size changes from the previous month or if the monthly funds paid to the provider per slot change.

Use this button to copy Site Operation Days which you have already entered on the Site form and then "unclick" any days that a child was absent

Update class size and More at Four funds as needed

All children who have monthly forms "In Process" will appear on the classroom attendance grid. You may have to scroll down to see all children.

Check here if the child did not attend this month, but is still enrolled

To edit an individual child form, click directly on the Child's name, which is a link to that Child's Attendance panel on the Child form (see screen on the next page).

Editing Previous Months' Site and Classroom Forms

If you need to edit a previous month's form that is "In Process", either change the Reporting Period or click on the magnifying glass next to the Site or Classroom name. If you need to edit a "Ready to Submit" or a "Submitted" site or classroom form from previous months, click the "Show All Report Periods" box that is available on the "Forms Selector" page. This brings you to a Forms Selector page that lists all available forms and their status. Select View, Edit or New Version depending on the status of the form and your needs.

Click the "Show All Reporting Periods" box to see all available forms and their status

Editing the Child Form

To edit the Child Form, click on the classroom name under "Child Forms" on the Work with Forms page. To edit the currently selected month's form for a child, first click on the name of the child. After you enter all the child data for the first month of service, the data will feed over when you create forms for subsequent months. If there are no updates to a child's information (other than attendance) in a given month and you have used the Attendance Grid to enter attendance, you do not need to edit the individual child form. To edit/view/create a new version of a previous month's form, click on the magnifying glass by the child's name.

Click on the child's name in the selector list for the current month's form; to edit/view previous months' data, click on the magnifying glass

You may also delete a child from this screen, if you determine that they are not part of the More at Four program. You will only have this option when the child has no forms submitted; if you need to delete a child after a child form is submitted, contact the MAFKids coordinator at (919) 843-7355

Child Forms make up the majority of the collected information for MAFKids 2007-08. All Child Form panels and questions are listed in the appendix of this User Guide (see page 47).

Moving an Existing Child to Another Classroom

You may move an existing child in MAFKids to another Classroom without re-entering the child level data. This move must be initiated through the MAFKids report for the original classroom. To begin a move, you must first select "yes" to Question #18 on the Child Form in the original classroom. Once this is done, the child's name then appears in the Child selector list (after "Show All Children" is checked) in the "Move Child" column with a "Move" option beside it.

Check the "Show all Children" box to show all children who have been served in this classroom, including those who have been exited

The "Move" option is available because "Test Child1" is shown as exited in Question #18 on the Child Form

Select the "Move Child" option corresponding to the child's name. You will be taken to the screen on the next page.

Here, you select the site and classroom information that corresponds to child's new location from the drop down menu and then select the "Move" button.

Select the new Contract, Site and/or Classroom that the child will move to and then click on "Move"

After these steps are completed, the child appears in the selector list for the new classroom and a form may be started. Note: Overlapping attendance days cause an error in your forms, so make sure the child's last attendance day in the original classroom and first attendance day in the new classroom do not overlap. Also, the child will appear on the attendance reports for both classrooms if the child attended days in both classrooms that month.

Exiting a Child from MAFKids

To exit a child, s/he must have at least 1 attendance day in the same month as the exit date. If you discover that a child has left the program after submitting the forms for that month, create a "new version" of the Child Form for the last month the child attended. The "new version" option is shown on the Form Selector screen when you click on the magnifying glass next to the child's name (see screen shot below). Change the answer to question #18 in the new version of the Child form to "yes, the child has left the program", choose the reason, save your changes, put the form in Ready to Submit status and re-submit for that month. The child's attendance during the month exited will still be included on the attendance report for that month.

Click on "New Version" to edit a form that has previously been submitted

To exit a child from the More at Four program prior to submitting that month's forms, simply answer question #18 on the Child form "yes", select the reason that best fits the child's reason for leaving and proceed with your form submission as usual.

Deleting Forms

You can delete a Site, Classroom or Child form only if it is in "In Process" or "Ready to Submit" status. Forms that are in "Submitted" status cannot be deleted. To delete a form, go to the Forms screen and click on the magnifying glass next to the type of form you wish to delete. On the screen below, the classroom magnifying glass for Test Class 1 was clicked and the screen shows all available forms for that classroom.

To delete any of the forms shown, click on the delete option in the far right column and then click delete again (or cancel if you change your mind) when the confirmation screen appears

Making all Forms Ready to Submit

There is a feature in MAFKids that allows you to change the status of a batch of forms within the same reporting period from "In Process" status to "Ready to Submit" status, provided that there are no missing data or other form errors.

From the Forms page, select the Reporting Period and then select "Make Forms Ready to Submit"

Click "OK" on the next screen and wait patiently while the system processes all of the forms. A results page will be displayed, showing which forms were changed to Ready to Submit and any errors for forms that could not be changed.

Processed Forms Results Screen

This list shows all Site and Classroom forms that have been made "Ready to Submit" and a list of errors for forms that could not be changed to "Ready to Submit"

If forms are listed with errors/missing information, you will need to return to those forms to complete them. See page 19 of this User Guide for information on "Editing Forms."

After you batch-process forms so they are "Ready to Submit" and if there are no errors, a Submit button which links to the Form Review/Submit page will appear on this page.

Reviewing and Submitting Forms

Only a user who has Contract Administrator rights can submit forms (see page 43 of this User Guide for information about Roles and Responsibilities).To submit forms, go to the Forms screen, select the reporting period you wish to review and then click "Review/Submit Forms".

Select the appropriate Reporting Period…

…then select "Review/Submit Forms"

In order to submit the forms for a contract, all associated Site, Classroom, and Child forms must be in "Ready to Submit" status. In fact, you will not even see the "Submit" button until all forms are "Ready to Submit". When the system recognizes that you have a complete set of forms ready to submit, the "Submit" button appears (see next page). Click the Submit button to electronically send your monthly service reports to the FPG More at Four Evaluation Team.

New Feature: This section shows any forms from previous months that were not submitted; select the Reporting Period indicated to Submit or Delete these forms as appropriate

Attendance Reports

At the conclusion of each month of service, Monthly Classroom Attendance Reports and Summary of Attendance Reports are generated from the MAFKids system. After entering the complete month's attendance for each child in the classroom and putting the forms in "Ready to Submit" status, these reports can be generated by the user. Note that users will only be able to generate and print reports for classrooms and sites for which they have access. Note: To view and print Attendance Reports, you now need to use Adobe Acrobat Reader. If you need to download this free software utility, please visit http://www.adobe.com/products/acrobat/readstep2.html

This month, the children listed below are newly enrolled with the More at Four Program:
Test Child4, test newforsept

Shaded calendar days indicate when the site was not operational.   A dash (-) indicates that the child was not enrolled on that calendar day.
An asterisk (*) next to a "Y" indicates that the child was not enrolled on that calendar day, but has been marked as having attended that day.
An asterisk (*) next to First Name indicates that a date for either a Health Assessment and/or a Developmental Screening has not been indicated for this child.

Only children whose forms are in "Ready to Submit" Status will appear on this report. An asterisk by a child's first name indicates that a date for a Health Assessment and/or Developmental Screening has not been provided; see questions #11 and #12 (on the Assessment Evaluation panel) of the Child Form. Please enter this information as it becomes available throughout the year for each child

New feature: Children who are newly enrolled in More at Four in a given month will be shown on the Monthly Attendance Report in this section

After you review the Attendance Report for accuracy and print it, be sure to get signatures of the site director and the contractor before making a copy to send to the State More at Four office, along with the Summary of Attendance Report (see next page).

Summary of Classroom Attendance Report

After all attendance information has been entered for each site, the user will create the Summary of Classroom Attendance Report.

Select Summary of Classroom Attendance Report

After you review the report, select File/Print from your menu bar or click on the printer icon in the File tool bar

Be sure to sign and date the Summary of Classroom Attendance Report before sending the original to State Office

The Classroom Attendance Reports require the signatures of the site director and the Contract Administrator. The Summary of Attendance Report requires the signature of the contractor. The original of the Summary of Attendance Report (with original signature) and a copy of the Classroom Attendance Report, along with the Request for Payment, are sent to the State More at Four office. See the More at Four Pre-kindergarten Program Budget, Financial and Contract Manual for more information: (**http://www.governor.state.nc.us/Office/Education/Home.asp**).

To see complete data for all children in a given contract, choose the "All Child Data" tab

The tabs in the Excel Workbook correspond to the panels on the Child Form. Click on the "All Child Data" tab to see all child level information in your contract printed on one page, or click on other tabs to access information specific to the corresponding panel.

Answer Sheets

For each complete form, you may pull up a printable "Answer Sheet": a listing of each item on the form and the response that was entered. The Answer Sheet button is on the "Form Status" panel of each form.

The Form Status page of a Classroom Form is shown...click on the Answer Sheet button to pull up the answer sheet for this form

The Answer Sheet prints out existing data for that form, so you'll want to make sure that you have all the data entered before you generate an Answer Sheet.

Users' Rights and Roles

Your Logon ID restricts the areas of MAFKids that you can access. Contract/Site/Classroom Administrator Roles give a user the ability to create, view, and edit Forms within their assigned access area. For example, a user who is assigned the role of Classroom Administrator for "Classroom A" in "Cardinal Elementary School" of "Cardinal County" may only create or view forms for children in that classroom within that site within that contract. The User Administrator role, shown under Other Administrator Roles below, gives a user the ability to add new or edit existing users for the Contract. The following table shows all possible Administrator Roles and Access Rights:

Administrator Role:	Allows Access Rights to create/edit/view/delete Forms:
Contract Administrator	Contract for your County/Region *Only Contract Administrators may Submit Forms and Change Requests.*
Site Administrator	One or more Sites in the selected Contract
Classroom Administrator	One or more Classrooms (and associated Children) in the selected Contract and Site
Other Administrator Role:	*Allows User to:*
User Administrator	Create or Edit user information for other Users in their Contract. A User Administrator can only assign Roles and Access Rights at or below their own Access Rights level.
Plan Administrator	Log in to the MAFPlan system (to view and to change your County/Region Plan).

Adding and Maintaining Users

If you are a User Administrator, you can add New Users and edit User information (change a User's Password or assign/change their Roles and Access Rights). To add a New User:

♦ Go to the "Admin" screen.

♦ Click "Add User".

Enter the New User demographic information (required fields are marked with an asterisk *)

Make a note of the password you select so you won't forget it

Appendix Screen Shots and Questions: MAFKids 2007-08

Site Form: Service Days

1. **Operation days in current reporting period for Site**: Check the box next to each day that this Site was in operation serving children this report period. Operation days are defined as days when children attended the More at Four Program or when home visits occurred. (Note that all days when Home Visits occurred are reported as Operation days, not Teacher Workdays). For convenience, you can use the "Check All Week Days" utility and remove the check mark from the unwanted days. Do not check a box if the site was not serving any children that day (for example, do not check box for a teacher workday or for a holiday).

2. **Teacher workdays in current reporting period for Site**: Check the box next to each day that was a teacher workday at this Site (teachers were working but children were not in attendance). * Check the NA box if there were no teacher workdays that month.

*Note that operation days and teacher workdays are mutually exclusive; that is, a given day cannot be listed as both. If an operation day and a teacher workday are in conflict with each other, you will get an error message when you click on the Form Status panel. For non-operational days or holidays, simply leave the box blank. Home visit days are to be reported as operation days.

19.   **Child attendance in More at Four**

Classroom this period (mm-yyyy):   If you have already filled out attendance on the classroom attendance grid, this calendar appears complete. If not, indicate, with a check mark, all the days that the Child attended the More at Four Classroom this month. For convenience, you may FIRST click the "Copy from Site Operation Days" button, and then make adjustments for that particular child. Note that the system will warn you (at the Form Status Panel) if the child attendance days are inconsistent with Site Operation days.

20.   **Has this child been referred for evaluation or identified with a disability?:** Check one box to indicate if this child has been referred for evaluation for a disability or identified with a disability. If Yes, enter date of referral in the appropriate box - prior to More at Four entry or after More at Four entry. If the referral date is not known, click Date Unknown. If child has not been referred, select No and skip to the end of the form.

20a.   **What was the decision from the disability evaluation for this child?:** Check one box to indicate the decision status of this child's disability evaluation. If No disability was identified or if the evaluation decision is still in process, select appropriate response and skip to the end of the form.
